VISHAL CHANDRA CHAPA
JUNIOR FULL STACK SOFTWARE DEVELOPER

Email: vishc264@gmail.com   **Phone**: +44(0)7435378497   **Place**: United Kingdom
LinkedIn   **Portfolio**   **GitHub**

EXECUTIVE SUMMARY

Junior Software Developer specialised in Full Stack Development, Support Engineering, and Data Analysis, with expertise in HTML, CSS, JavaScript, ReactJS, NodeJS, Python, Django, MongoDB, and MySQL. Developed web pages in support engineering. Developed softwares & systems, collaborated on process improvements, and enhanced web applications during an internship at Orcalo, Managed inventory and analysed to develop strategies and ensure smooth development at Best One. Eager to contribute technical skills and problem-solving abilities to a forward-thinking tech team, driving professional growth and impactful contributions.

TECHNICAL SKILLS

Languages:	TypeScript, JavaScript, HTML, CSS, Python, C#
Databases:	MySQL, MongoDB, PostgreSQL
Version Control:	GitHub, Git
Frameworks:	ReactJS, Django, jQuery, Bootstrap, .NET

EDUCATION AND TRAINING

Sept 2021 - June 2023	Master of Science in International Business	-
	Anglia Ruskin University	- Cambridge, UK
July 2015 - Oct 2020	Bachelor in Computer Science Engineering Technology	
	Malla Reddy College of Engineering and Tech	- Hyderabad, IN
April 2013 - Mar 2015	Intermediate in Mathematics, Physics and Chemistry	
	Sri Chaitanya Colleges	- Hyderabad, IN

HACKATHON PROJECTS

Hackathon 1	Hackathon 2

PERSONAL PROJECTS

Love Running	Home Delivery
Portfolio	JS Calculator

CERTIFICATES/COURSES

- LinkedIn   Full Stack Web Developer   Present   / 03-08-2024
- freecodecamp   Responsive Web Design   5 Months / 29/04-2024
- IT Talent Hub   FULL STACK (ReactJS & NodeJS)   3 Months / 11-11-2023

WORK EXPERIENCE

June 2024 – Present   **Junior Software Developer**   **Code Institute**   **Remote(UK)**

- Focused on creating seamless, full-stack solutions that integrate both front-end and back-end technologies to deliver complete web applications.
- Currently building dynamic web applications with HTML, CSS, Bootstrap, JavaScript, and jQuery, and developing robust back-end systems using Python, Django, SQL, and NoSQL databases.

Mar 2024 – May 2024   **Support Engineer**   **GAO Tek Inc**   **Remote(UK)**

- Support engineer with extensive experience in the UK, specialising in resolving complex technical issues, optimising systems, and delivering top-tier customer assistance.
- Expertise in providing exceptional client support, leveraging deep technical knowledge to maintain system integrity and enhance user experience.

May 2022 – Jan 2024   **Analyst**   **Best One Express**   **Cambridge, UK**

- Managed inventory and analysed sales data to develop strategies for meeting sales targets, ensuring smooth store operations and compliance with company policies and regulations.
- Led and motivated the retail team, provided training, and set goals to maintain high standards of customer service and visual merchandising.

Sep 2022 – Mar 2023   **Data Analyst Intern**   **Orcalo**   **London, UK**

- Maintained and updated data systems, collaborated with multiple teams to identify process improvements, and developed strategies using statistical tools for data analysis.
- Generated reports for management, proposed system enhancements to improve user reach, and was responsible for developing, decoding, and encoding a web application.

ADDITIONAL INFORMATION/INTERESTS

- Currently learning MernStack - Code skills
- Slack Forum - Channel lead.
- Technology Podcast - I like listening to podcasts on all things 'Coding & Technology'!
- Art/ Design - I enjoy creating and designing through drawing and painting, and apply strategic thinking to my chess game as a hobby.
- Photography/Gaming/Birdwatching!
